BROUGHT BY THE WIRES FROM ALL PARTS OF WORLD

By The Associated Press.
East Texas, Wednesday and Thursday, partly cloudy.
Oklahoma: Wednesday fair cooler, Thursday, fair.

By The Associated Press.
ST. LOUIS, Sept. 28.—Michael W. Cadle, assistant grand chief of the Brotherhood of Locomotive Engineers died at his home here tonight.

By The Associated Press.
BELFAST, Sept. 28.—Two civilians were shot dead and a number of persons were wounded during a clash between soldiers and a crowd on the Falls road late tonight.

By The Associated Press.
CORPUS CHRISTI, Sept. 28.—For the second time within fifteen days, Mrs. John Sagarin, wife of an Italian farmer residing nine miles from Corpus Christi, was brought to the city today for treatment for rattlesnake bite.

By The Associated Press.
DALLAS, Sept. 28.—President-elect Alvaro Obregon, of Mexico, will be a guest of Dallas and the Texas state fair on International Day, Oct. 10, according to an announcement made here tonight by W. H. Stratton, secretary of the state fair.

By The Associated Press.
NEW ORLEANS, Sept. 28.—Congressman James O'Connor, of New Orleans tonight announced he had accepted an invitation of the Speakers' Bureau of the democratic national committee to deliver a number of speeches in New Jersey in the interest of Governor Cox.

By The Associated Press.
LONDON, Sept. 28.—A dispatch to the Exchange Telegraph from Dublin says the town of Mallow, County Cork, is on fire in several places and that the fire brigade is unable to turn out on account of the curfew order. The creamery, the town hall, mills and many houses, have burned.

By The Associated Press.
PHILADELPHIA, Sept. 28.—Billy Maharg, the former boxer, who last night made sensational disclosures regarding the "fixing" of world's series games in 1919, tonight accepted the invitation of Chas. Comiskey, president of the Chicago White Sox, to testify at Chicago.

By The Associated Press.
NEW YORK, Sept. 28.—Renewal of this year's wage contract between the International Longshoremen's Association and steamship owners now is assured by returns from the referendum vote taken among union members. T. V. O'Connor, president of the association, announced today.

By The Associated Press.
MONTGOMERY, Ala., Sept. 28.—Miles C. Allgood, commissioner of agriculture for Alabama, received message today from four counties in North Alabama, stating that notices had been posted on several cotton ginneries in that part of the state threatening to burn the gins if cotton were ginned there before January 1, 1921.

By The Associated Press.
CHARLESTON, W. Va., Sept. 28.—Federal troops on duty in the strike zones of the Mingo Coal fields will be withdrawn as soon as Sheriff Blankenship makes appointments of 100 deputy sheriffs which meets with the approval of Judge James Damron, of the Mingo county circuit court, it was announced in a statement today by Governor Cornwell.

By The Associated Press.
MUSKOGEE, Okla., Sept. 28.—Miss Margaret Rose, 29, was drowned and Harry Foltz was seriously injured tonight when the motor car in which they were riding plunged sixty feet off the Kansas, Oklahoma and Gulf railroad bridge into the Arkansas River, five miles northeast of here. Miss Laura Pickering, who was driving the car, and Charles Eowf, another passenger were not injured. Eowf lives in Dustin, Oklahoma, and the homes of the other three are in Muskogee.

By The Associated Press.
Last night after office hours the employees of the Texas Power & Light Company set to work and transformed the interior of the building on North Main street by building a partition wall to separate the office part from the store and make more room.

By The Associated Press.
Long Automobile Trip.
Mr. and Mrs. W. A. Collins returned Monday night from New York. They made the trip back in an automobile and had a pleasant time on the road. They were ten days in completing their journey and didn't have a single puncture.

By The Associated Press.
Enlarging Equipment.
The Western Union Telegraph Company is putting in a new table and enlarging the equipment of the downtown office. Other improvements will be made later.

GOVERNORS BILL GETS AMENDMENTS

Legislators Would Change Statute Proposed By Hobby To Stop Industrial Troubles.

By The Associated Press.
AUSTIN, Sept. 28.—The governor's bill proposing more stringent laws for handling industrial disputes at Texas ports survived an all-day attack in the house and a half-day session in the senate with only three modifying amendments effected. However, at the adjournment hour tonight two new bills as substitutes were pending in the house, and the senate had considered less than half the sections of the bill.

An amendment in the house, offered by Representative John Davis of Dallas, proposed the creation of an industrial commission to determine when the local authorities refuse to enforce existing laws and authorization of the governor, upon recommendation of this commission, to assume charge of industrial situations at ports and enforce existing laws with rangers. Representative Newt Williams, of Waco, offered as a substitute for this bill proposing legislation along general lines of the original port bill, but extended in effect to include all common carriers. Both of these were pending when the house adjourned.

Three amendments to the original bill were adopted in the house Tuesday. The first provided that in order to constitute a violation of the law, acts and conversations calculated or designed to cause a worker to desert from loading or unloading ships must cause him to desert through fear of bodily or property harm. The second provided that when violence is used to cause a person to desert from this work, that the offense be a felony and when only threats are used, the offense be a misdemeanor. The third provides that venue in cases involving violations of the law shall be in counties where the offense was committed instead of in Travis county, as proposed by the original bill. No radical amendments were adopted by the senate.

MOTORS, FOOD, LEATHER SOLD ON STOCK MARKET

By The Associated Press.
NEW YORK, Sept. 28.—Variable recoveries in the stock market today were attributed not so much to any change of any technical conditions as to an impression that the recent reversal had exceeded the limits of safety. This at least seemed to be the conclusion reached by a considerable faction of the professional element who covered or took profits in the course of today's session, especially in bonds, notably rails and oils.

There was further sporadic selling of motors and their subsidiaries and also shippings, leathers and food shares.

There was additional cutting of automobile prices and further signs of reduced activity in many branches of that industry.

Stocks, equipments and associated shares were less erratic. Successful flotation of the \$20,000,000 loan to the government of Norway strengthened exchange to that and other North European countries.

LEGAL BATTLE BETWEEN COMMISSIONERS PENDING

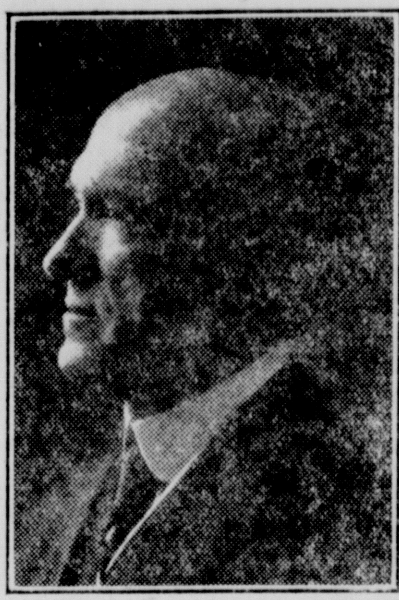

By The Associated Press.
GALVESTON, Sept. 28.—A legal battle to determine whether the interstate commerce commission has the right to set aside a decision of the Texas State railroad commission, in which the latter refused to grant the 35 per cent increase in freight rates and the 20 per cent advance in passenger rates in intrastate traffic, was forecast here today when a motion on behalf of the State railroad commission for postponement of the present hearing was overruled by Examiner M. A. Pattison.

No announcement has been made that the case would be carried into court, but among the counsel on both sides tonight, belief was general that whatever decision was rendered, it would be fought out in the courts.

Judge S. H. Cowan, for the defense, requested the postponement in order that the State commission might gather and prepare evidence in connection with the value of railroad property within the state, of the financial condition of the roads and statistics bearing on the freight and passenger services of the carriers.

By The Associated Press.
Top Notch Fancy Price.
R. J. Smith, chief inspector for this district, who was in Clarksville Monday, stated that he saw some long staple cotton sell there for 75 1/4 cents a pound.

By The Associated Press.
The County Court.
Two or three cases that were on the day's assignment in the county court were reset yesterday and the jurors for the week were excused.

T. J. RECORD

Chairman of the advisory committee and general chairman of the campaign committee for the water bonds.

DEMOCRATS SHY IN CONTRIBUTIONS

Two Of Them Sent In Fifteen Dollars But The Fund Is Short.

It is a little bit discouraging to James M. Cox as he opens his Paris Morning News to note that there is mighty little interest in the democratic campaign fund in Lamar county—mighty discouraging.

Maybe Jimmie doesn't read The Morning News regularly—but if he does not it is his own fault, it is going to him at his newspaper office.

If Jimmie doesn't read it there are some gentlemen in Dallas who do, for the copy is sent them so they may keep check upon the names of the contributors—and they haven't been kept so busy as they might be these days.

Lamar county is pledged for \$2000—and it is still shy just \$1742 of having that much—and there are very few days in which to get it in.

Will you be so kind, personally and of your own will and accord, as to send in a few dollars for this fund and let us get through with it? It will be appreciated and we know that you are going to turn loose soon so make it today and write your title to being a contributing democrat clear in The Morning News.

Come forward and don't wait for anyone to come after you. Emulate the example of Pat Warner of Roxton, who writes that he is going to send some further contributions in the course of the next few days; and who has already contributed \$25 of his own money.

Chairman McCuslin is again a contributor this morning, his second appearance at the office of the treasurer.

The Fund.
Previously acknowledged \$243.00
Ed H. McCuslin 10.00
Ben H. Denton 5.00
Total 258.00
Remitted to Dr. Marshall 258.00

TUBERCULAR SANITARIUM AT HUNTSVILLE UNDER WAY

By The Associated Press.
AUSTIN, Texas, Sept. 28.—Two wards of fifty-two beds each and the power plant of the sanitarium being erected at Huntsville for tubercular former service men of Texas, are nearing completion, and the laying of the pipe for heating, sewerage and the electrical system is well under way, according to an announcement by Dr. C. W. Goddard, president of the Benevolent War Risk Society.

Workmen on the building have contributed a bungalow, which they are building after their regular day's work is finished.

In spite of the progress Dr. Goddard expressed fear that the chilly days of winter still would find many of the men in tents, due to the lack of funds.

"If sufficient funds were available," Dr. Goddard said, "I believe 200 boys could be taken care of by January 1. Interest all over Texas is growing rapidly and many societies and counties are raising funds to erect memorial bungalows, but funds for the administration building are badly needed now."

PUT QUESTIONS TO W. G. GOT INTO POLICE COURT

By The Associated Press.
BALTIMORE, Sept. 28.—Edward A. Ryan, who said he is a lawyer with offices in Worcester, Mass., and Washington, and who was arrested at the Fifth Regiment armory last night during the republican presidential candidate's speech with questions about the league of nations was dismissed in police court today. No one appeared to press the charge of disorderly conduct laid against him.

Galen L. Tait, republican state chairman, wrote to police marshal Carter declaring that none of those in charge of the meeting had ordered Ryan's arrest.

THE PEOPLE OF PARIS HAVE SPOKEN in unmistakable terms.

NO LONGER DO THEY PROPOSE that Paris, the "North Star of Texas" shall be bound by the fetters which for more than a quarter of a century have held her—an inadequate water supply.

LET US ALL, men and women, white and black, put our shoulders to the wheel and push this great undertaking to a successful conclusion. We shall then have water for every need and Paris will grow by leaps and bounds.

IN UNITY OF ACTION there is tremendous advantage. Again has Paris demonstrated that its people are nearly as one when the test comes and that we do get together at critical moments.

PARIS HAS BEEN EQUAL to the occasion—as it always has been.

PARIS WILL BE EQUAL to the occasion whenever it may arise.

WE ARE A UNITED PEOPLE and we are going to work together in good spirit and shoulder to shoulder for the upbuilding of our community—that community which is bounded, in its furthest reach, only by our opportunity and which knows not county nor State boundaries.

"THE NORTH STAR OF TEXAS" is a proud boast. But WE are capable of making it true. "WE" mind you not "I." There is the secret of the success of Paris.

"WE" CAN MOVE MOUNTAINS; "I" will stumble over molehills. "WE" can accomplish what we will; "I" can do nothing save mumble and grumble and dream and plan for personal credit; "WE" are here always; "I" passes after a brief period and is known no more; "WE" build monuments to "I" only when that "I" is so big that it can be sunk in "WE" in the accomplishment of the big things of life.

"I" is an integral part of "WE"—but only a part.

"WE" HAVE SPOKEN in this water matter and "WE" are going to speak about the many other things which "WE" are going to undertake—and accomplish—for Paris and for Texas.

PROTEST AGAINST HOUSTON'S POLICY

American Cotton Association Officers Say Price Of Cotton Was Hammered Down.

By The Associated Press.
ATLANTA, Sept. 28.—Plans for a Nation-wide protest against the farm credit policy of the Federal Reserve banks as announced in a recent statement by Secretary Houston, were made here today at a conference attended by J. J. Brown, Georgia commissioner of agriculture; R. A. Maddox, president of the Georgia division of the American Cotton Association, and Harvie Jordan, secretary of the organization.

In his recent statement Secretary Houston pointed out steps that federal banks were taking to help move crops but declared "that the government cannot be a party to an undertaking to hold a commodity off the market to enable the owners artificially, for speculative purposes, to maintain war prices or higher than war prices."

"Secretary Houston's statements have already hammered down the price of cotton 150 points," Commissioner Brown asserted in a statement after the conference. "As long as the spinner is making four dollars worth of cloth out of every forty cents worth of cotton," he added, "it is not worth while to talk to the cotton grower about deflating the cotton market." He asserted a similar situation existed regarding the miller and the wheat grower.

"The federal reserve act explicitly provides credit facilities for the producers of farm crops, the intent of this being to enable them to hold their crops for favorable markets," said Mr. Brown.

COX REBUKES HARDING FOR POLICY ON LEAGUE

By The Associated Press.
YANKTON, S. D., Sept. 28.—Governor Cox, democratic presidential candidate, issued a statement here today rebuking Senator Harding for the republican nominee's objection to questioning during the senator's speech in Baltimore last night.

The governor declared that the senator was asking the American people to follow him on the league isue when the senator himself does not know his own policy. The statement was in part:

"Senator Harding would have the American people follow him and ignore the intensive labors of eminent men. His message to America is: 'I know not where I am going but I ask you to follow me.' Never before in the history of presidential campaigns has there developed a situation more deplorable and pitiable."

The Corn Was Damaged.

J. L. Brand of West Paris has just returned from Slate Shoals, where he has been gathering his corn that was under water during the recent rise. He stated that where the back-water covered the ears they were rotten and ruined, and that the rest of it was damaged.

Moved Family to Paris.

Engineer H. A. Price of the Texas Midland road has moved his family from Terrell to Paris in order to send his children to school here.

AMERICAN LEGION CONDOLES WILSON

Sends Message To President Sympathizing With Him In His Present Affliction.

By The Associated Press.
CLEVELAND, Sept. 28.—The second annual convention of the American Legion in session here today underwent a garage of resolutions and committee reports.

The stand of the Legion in regard to organized labor was not mentioned in the report of the committee on resolutions. A minority report was submitted which recommended that "the American Legion reiterate its well known position, that it has no participation in controversies between capital and labor."

Heated discussion followed and a substitute for the minority report was presented by California and adopted by the convention, stating "that this convention endorses the statement recently issued by the national commander, Franklin D. Oiler, and accepts that statement as the legion's interpretation of its position in relation to organized labor."

The attitude of the national commander has been that of "strict neutrality" in matters having to do with organized labor.

The first resolution submitted was a message to President Wilson, expressing "sincere sympathy for him in his present suffering of affliction, and reiterated to him our unalterable determination to support and uphold unwaveringly the principles and constitution of our country." It was unanimously passed by a rising vote. Just as the poppy had been recommended and adopted as the memorial flower of the American Legion, General Marie Fayolle and his party entered the convention hall. Five minutes of cheering interrupted the meeting and the national commander declared the regular order of business temporarily suspended.

Francis E. Dyke, commander of the Paris post No. 1, introduced Gen. Fayolle. The general said in part: "I am acquainted with the high aims of your association, and with the great mission the American Legion has assumed. It intends to keep plausibly the glorious remembrance of the dead, to help through life all those who came out of the fights for liberty and to keep in all hearts the sacred love for your own country which is the spring of all civic virtues."

Sir Admiral W. S. Grant, of the Royal Navy of Great Britain then addressed the convention. As he retired there came cries for Gen. Leonard Wood, who was in the party. When the general appeared he was greeted as a "regular member" and not as an "honorary member."

BOSTON BANKS BEGIN TO BREATHE EASIER

BOSTON, Sept. 28.—The banking situation in this city today to all appearances was tending toward a return to normal. There was no recurrence of yesterday's runs by depositors and the soundness of all the banks was emphasized by Governor Coolidge, State Treasurer Jackson and other officials.

The Fidelity Trust Company was closed this morning by Bank Commissioner Jos. C. Allen because of the "steady withdrawal of deposits and slow and doubtful loans."

FARMERS TO MEET TO DISCUSS COTTON

J. A. Smith, County Chairman of the American Cotton Association is calling a mass meeting of farmers of Lamar county to be held at the Chamber of Commerce Saturday afternoon at 2 o'clock. The meeting will be addressed by either Judge Ramsey or Nathan Adams. This is to be organization meeting for Lamar county.

RICH DRAFT EVADERS IN PHILADELPHIA CONVICTED

By The Associated Press.
PHILADELPHIA, Sept. 28.—Mrs. Emma Bergdoll and her four co-defendants were found guilty tonight of conspiracy to aid two of her sons, Grover and Erwin, to evade the draft. The verdict was returned before Judge Dickinson in the United States district court.

The case was given to the juryman before noon today but it was after 5 o'clock tonight before they reached a verdict. Mrs. Bergdoll, her son, Charles A. Braun and former magistrate James A. Romig were found guilty on every count under which they had been indicted.

Albert A. Mitchell and Henry Schun were acquitted on the indictments in which they were defendants but found guilty with a recommendation for mercy on the joint bills.

On application of the counsel the defendants were released on \$10,000 bail each, pending a motion for a new trial.

In two of the indictments all five defendants were charged with conspiring with Grover and Erwin Bergdoll to assist them in evading the draft. The other five indictments charged each defendant separately with conspiring with the Bergdoll brothers to evade the draft.

EUROPE NOT CONSIDERED GOOD FINANCIAL RISK

By The Associated Press.
BRUSSELS, Sept. 28.—Poland W. Boyden, unofficial representative of the United States in the international financial convention in progress, took the floor at the conference this afternoon at the request of several delegates and explained why Europe could not be considered a good business risk.

Mr. Boyden referred the delegates to the letter of former secretary of the treasury Carter Glass to Homer L. Ferguson, president of the Chamber of Commerce of the United States in which Mr. Glass declared in effect that the United States could not undertake to finance further the requirements of Europe. The letter, Mr. Boyden said, represented the attitude of President Wilson.

TO CARE FOR VISITORS TO THE DALLAS FAIR

By The Associated Press.
DALLAS, Texas, Sept. 28.—Plans are being made by the Junior Chamber of Commerce of Dallas to provide accommodations for a total of 15,000 persons in Dallas homes during the Texas State Fair next month. Accommodations for 12,000 visitors were provided through the Junior Chamber last year.

Signs will be placed at all railroad and interurban stations directing visitors to the Junior Chamber's quarters where complete records of all available rooms will be kept and persons desiring accommodations may be assigned to a place to stay. Reservations may be made by writing to the Housing Committee, of which Foster Gillespie is chairman.

RETURNS FROM RAIL ROAD BUILDING AFTER 40 YEARS

By The Associated Press.
SAN ANTONIO, Texas, Sept. 28.—Col. E. B. Cushing, who built that part of the Southern Pacific railroad from San Antonio to El Paso, and half a dozen railroads in the state, quit railroading last week after forty years of service. At the time of his retirement he was maintenance engineer for the Southern Pacific here. He began his career as an axeman with a party of surveyors. As a civil engineer later in life he supervised the construction of the Galveston, Harrisburg and San Antonio railroad, and the International and Great Northern from San Antonio to Laredo.

ROOSEVELT CALLS FOR HARDING TO TALK PLAIN

By The Associated Press.
CLARKSBURG, W. Va., Sept. 28.—A demand that Senator Harding state "plainly and unequivocally just what his attitude is on the league of nations," was made by Franklin D. Roosevelt, democratic vice presidential nominee, in a series of speeches in West Virginia today.

"Senator Harding, in his speech at Baltimore last night," Mr. Roosevelt said, "declared he is opposed to going into the league, referring to the league of nations as it was fashioned at Versailles. The people have a right to know whether he means that specifically that league without reservations or whether he means that league regardless of what reservations are offered, or whether as Hiram Johnson pretends to believe, he proposes to scrap the present league altogether."

CICOTTE SPILLS STORY OF HOW HE ACCEPTED BRIBE

Eight Players Of Chicago White Sox Said To Have Participated In Bribery Scheme.

OWNER PAYS THEIR SALARY AND TURNS THEM LOOSE

Courts Will Go To Bottom Of The Scandal And Get Gamblers as Well as Players.

CHICAGO, Sept. 28.—Indictments were voted against eight baseball stars and confessions obtained from two of them when "the old Roman," Charles A. Comiskey, owner of the oft-time champion Chicago White Sox smashed his pennant chasing machine to clean up baseball. The confessions told how the Sox three last year's world's championship to Cincinnati for money paid by gamblers.

Seven Sox regulars and one former player had true bills voted against them by the Cook county grand jury and the seven were immediately suspended by Mr. Comiskey. When his team was only half a game behind the league-leading Cleveland Indians, the White Sox owner served notice on his seven stars that if they were found guilty, he would drive them out of organized baseball for the remainder of their lives.

Officials of Chief Justice Charles McDonald's court lifted the curtain on the grand jury proceedings sufficiently to show a great hitler, Joe Jackson declaring that he deliberately just tapped the ball; a picture of one of the world's famous pitchers, Cicotte, in tears and glimpses of alleged bribes of \$5,000 or \$10,000 discovered under pillows, or on beds by famous athletes, or to retire.

The grand jury was some of baseball's greatest leaders, among them John J. McGraw, manager of the New York Giants, awaiting a call to testify tomorrow and John Heydler, president of the National League, who went before the grand jurors this afternoon. The exact nature of the information Mr. Comiskey put before the grand jury was not disclosed. The men whom the jury involved as a result of testimony uncovered by their owner were:

Eddie Cicotte, star pitcher, who waived immunity and confessed, according to court attaches, that he took a \$10,000 bribe.

Arnold (Chick) Gandil, former first baseman.

"Shoeshoe" Joe Jackson, heavy hitting left fielder.

Oscar (Happy) Felsch, center fielder.

Charles (Swede) Risberg, shortstop.

Claude Williams, pitcher.

George (Buck) Weaver, third baseman.

Fred McMullin, utility player.

Cicotte, according to court attaches, told the grand jury he received \$10,000 from the gamblers, finding the money under his pillow when he returned to his hotel room on the night before the first game at Cincinnati. "I refused to pitch a ball until I got it," they quoted him as saying.

Jackson, it was said, testified he was promised \$20,000 by Chick Gandil but never received but \$5,000. Claude Williams, according to the witnesses, got \$10,000.

Comiskey Heart Broken.

While the grand jurors voted their bills "the old Roman," seated in the midst of his crumbling empire, as White Sox park, issued the telegram suspending those involved, paid off Weaver, Cicotte and Jackson on the spot and announced that check for say due the others would be sent them at once. With his voice trembling Mr. Comiskey, who has owned the White Sox since the inception of the American League, said this was the first time scandal had ever touched him too much to talk about it.

The rush of players to bare their part in the affair started today when Cicotte appeared at criminal court building and asked permission to testify. Cicotte, wept, court attaches, said, and exclaimed in anguish his sorrow for his two small children as he told how he did his utmost to lose rather than win the 1918 world series after he had "found" \$10,000 beneath his bedroom pillow where it had been placed by professional gamblers.

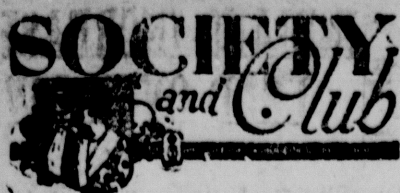

How Cicotte Worked

He said he lobbed the ball to the plate so slowly "you could read the trade mark on it" in the first game at Cincinnati, when he was taken out of the box after three and two thirds innings.

Last year's world series records show that in the first inning of the game he started by hitting Rath, the first Cincinnati batter, in the back. Danberry followed with a single over 2nd base that sent Rath to 3rd and he scored when Groh fled to Jackson. Rath beating Jackson's throw to the plate.

Chicago tied this run in the next inning, Koop putting Jackson on second with a wild throw. Felsch sacrificed.

Maude Noville, Telephone 809.

Do You Know What The Needlework Guild Is?

There is in Paris a well-organized branch of the Needlework Guild, a National society of which, however, but little is generally known. It is, primarily, a charitable organization, and the donations it asks are money and new garments.

The personnel is composed of directors, to any number, each of whom is responsible for one member donating money in any sum upwards of fifty cents, and for ten members, who each give two garments annually.

Two meetings a year are held, of the directors only, the first when the officers are elected, and a "garment" day set. Cards are then sent to the members and at the second meeting the directors, with the clothes and money collected, and turn them in to the Guild officers.

In Paris a certain portion is given annually to the King's Daughters, to be distributed by them, and the balance is reserved for outside calls during the year.

Thus, a member has only to give when called upon, once a year, and a director has only the collection to attend to. In countless disasters, the ruler given has been invaluable, and a vast amount of suffering saved through this medium.

If one is called upon to help, aid should be given, in the perfect assurance that it is organized, intelligently distributed charity.

The King's Daughters.

The King's Daughters met yesterday afternoon at their office in the Chamber of Commerce building, the new officers assuming charge of the session. These are:

President—Mrs. Maury Robinson; Vice-president—Mrs. Marvin Carson; Secretary—Miss Lois Easton; Corresponding secretary—Miss Annette Varner; Treasurer—Miss Johnnie Jennings; Collector—Mrs. E. V. Self.

Four new names were voted upon for members to fill vacancies in the circle, and these will be announced upon acceptance.

Plans were discussed and committees appointed for work in regard to the boys' reading rooms, hospital patients and the other undertakings in their hands.

The King's Daughters state convention is to be held here, October 20, 21 and 22, and much is to be done at this time. The Texas membership, however is small, as there are only ten circles affiliating with the State organization. Nevertheless, the convention is an important one, since it is the first one held in three years.

The King's Daughters being a National organization, it is hoped that this conference will be a big step toward the enlargement of the body in this section.

To Be Married At Home.

The following invitations have been issued:

Mr. and Mrs. L. Dannenman invite you to be present at the marriage of their daughter, Gertrude Estel, to Mr. William K. Haynes, Monday afternoon, October fourth, nineteen twenty; two o'clock, at the family residence, Paris, Texas.

Gone To Richmond.

Roscoe Hooker and wife left for Richmond, Va., where Mr. Hooker will enter Union Theological Seminary. Mrs. Hooker will pursue her studies in voice. They were accompanied by Miss Anna Owen.

Mr. and Mrs. Albert Sidney Trigg announce the engagement and approaching marriage of their daughter, Helen Elizabeth, to Mr. Josef Harris Noyes, the wedding to take place in Paris, Texas.

QUICK SHOE REPAIRING
Best Equipment in the City
AND QUICK SERVICE
38 South Main Street
WILLIE LEWIS, PROP.

place in Vallant, Oklahoma, at an early date.

Off To School.

Miss Dorothy Van Dyke left yesterday morning for Dallas, where she will attend St. Mary's College as a sub-senior this term.

PERSONAL.

Mr. and Mrs. C. H. Moore of South Main street, have returned from a delightful two months trip to the North and East. While in New York they visited their son, Lieut. Robert L. Moore.

W. D. Latimer, wife and daughter, Mrs. Henry House, returned Monday night from Daingerfield, where they attended the funeral of Mrs. Latimer's father.

Mrs. Pete Backer returned yesterday afternoon from Fort Smith, where she went to attend the bedside of a sick sister.

Misses Mildred Bell and Thelma Lindsay of Blandston have gone to Denton to attend the State normal. Chesley Morgan of Comanche, Okla., is visiting Mr. and Mrs. Andrew Morgan on North 16th street.

MORGENTHAU MATCHES WILSON CONTRIBUTION

NEW YORK, Sept. 27.—Henry Morgenthau, former ambassador to Turkey, today "matched" the president for himself and each of his eleven grandchildren by contributing \$6,000 to the democratic national campaign fund.

In a letter to George White, democratic national chairman, enclosing his check for the amount, Mr. Morgenthau said that "joining the league thousand club is a practical demonstration of the member's unequivocal approval of president Wilson."

MONEY TO LOAN

We have money to loan on real estate. Our companies on their same fair reliable methods are again asking for our mortgages. We make Abstracts. If we can serve you call and see us.

D. H. Scott & Son.

DAISY BREAD IS GOOD BREAD

Ask for and insist on having DAISY BREAD. It is made right, is sanitary, and above all is good to the last mouthful. Buy Daisy Bread from your grocer or from the Lamar Avenue Bakery.

A lazy no-account feeling with yawning and sleepiness in the day time is caused by a torpid liver and disordered bowels. Herbine is a splendid remedy for such ailments. It cleanses the system and restores vim and activity. Price 60c. Sold by Palace Drug Store.

ANNOUNCEMENT.

The Imperial Plumbing and Electric Company has moved from Rusk street to No. 34 North Main street. He has bought out the Modern Heating and Plumbing Co. and is prepared to give his friends and patrons the same high class service that it has been his policy to render.

Owners of horses and blooded stock are large users of Liquid Borzone. It heals wounds, festering sores, barbed wire cuts by a mild power that leaves no disfiguring scars. Price 30c, 60c and \$1.20. Sold by Palace Drug Store.

BIG FARM WEST OF TOWN CHANGES HANDS AGAIN

A big real estate deal was consummated yesterday in which R. J. Durham bought from F. E. Hutchings the farm of 400 acres four miles west of town, which is known as the Ballinger farm, for which Mr. Hutchings traded about a year ago.

The purchase price in the sale to Mr. Durham was about \$30,000, but other property taken in part exchange. A brick residence in Mineral Wells was taken in part payment at \$30,000, and a rooming house in Paris on Lamar avenue was taken in at \$23,000.

WORK ON STREET BRIDGE ACROSS SANDERS CREEK

Work on the big bridge across Sanders creek on the road between Arthur City and Chillico, which was let to the Austin Bros. Bridge Company of Dallas is expected to be commenced the last of the week. It is being delayed by waiting for the foreman of the bridge construction to get through with looking after a job at Annona. Four carloads of gravel and half of the steel to be used in the bridge have been unloaded at Arthur City.

A cross, sickly baby suffering from digestive troubles and looseness of the bowels needs McGeck's Baby Elixir. It checks the bowels, eases the stomach and restores healthy conditions. Price 35c and 60c. Sold by Palace Drug Store.

TRY THE SAVOY CAFE

Located at 37 Bonham street, is one of the neatest, cleanest little eat shops in the city. Everything new, neat and clean, with a first class chef in charge. Quick lunches, cooked right and served right; also delicious hot waffles. Remember the name, the Savoy, and the place, 37 Bonham street, and give us a call.

The greatest enemy of child life is the tape worm. It destroys health and vitality. The greatest enemy of the tape worm is White's Cream Vermifuge. One or two doses does the work. Price, 35c. Sold by Palace Drug Store.

To Move Poles Back.

The Texas Power and Light Company began yesterday moving the poles back from the right of way on the Brookston and Roston road so that the contractors can begin grading the litter part of this week or the first of next week.

For skin eruption, rash, chafed skin, prickly heat, chigger bites and sting of poisonous insects, Ballard's Snow Lintment is an effective application. It heals quickly. Three sizes, 20c, 60c, and \$1.20 per bottle. Sold by Palace Drug Store.

Clean rags wanted at News office.

WE WANT IT.

Hendricks and West

Church News

Episcopal Woman's Auxiliary.

The Woman's Auxiliary of the church of the Holy Cross (Episcopal) met Monday afternoon at the parish house, opening with a hymn, followed by prayer. After the reading of the minutes of the previous meeting, reports from the treasurer, and on the United offering and "The Spirit of Missions" were heard.

As the subject for discussion was "Alaska," Mrs. W. M. Monroe read an excellent paper on its "Geography, people and needs." Mrs. W. S. Moore gave an article on the work there of Bishop Rowe and Archdeacon Stuck. Mrs. W. C. Moore's paper was on "Yukon Salmon," while Mrs. Rountree's subject was "Missionary Work in Alaska."

Some of the most important work of the church has been done in Alaska, and the first United offering went toward the building of an Episcopal Hospital there. The lesson was of special interest, as Archdeacon Stuck was formerly dean of the diocese of Dallas, and while he held that office, several times preached in Paris.

After the program, tea and sandwiches were served.

The next meeting will be held on October 11th, the subject being "Scouting with the Indians."

Teachers' Meeting Held Monday Evening.

On Monday evening, the teachers of the First Congregational Sunday School met at the church for a discussion of plans for the coming year.

Especially stressed was the work for the children promoted last Sunday.

day as this requires some changes and variations of schedule.

The meeting was an earnest and enthusiastic one, and assuredly now the work will go forward with a new impetus.

Bonham Street Missionary Society.

Mmes. Webb, Moore and Jenkins were hostesses Monday afternoon for the Woman's Missionary Society of the Bonham Street Methodist church, at the home of Mrs. C. B. Webb. The subject of the lesson was "The Women of Today in the World's Work."

At the close of the meeting, delightful refreshments were served.

Sunday School Promotion And Rally

Sunday was promotion day at the Congregational Sunday School, and a number of children were passed to higher classes.

A simple but appropriate program, with a number of well-rendered songs was given, and the children made a most creditable showing.

Congregational Missionary Society.

The Ladies' Missionary Society of the First Congregational Church met Monday afternoon, with Mrs. Farmer, the president in charge. Eleven ladies were present, and Rev. Mr. Garman conducted the lesson on "The Old and the New Nature."

Plenty of good bright maize heads. Union Flour Company.

FORT WORTH WINS FROM LITTLE ROCK

Indifferent Playing Of Travelers Gives Panthers Final Game Of Inter-League Series.

By The Associated Press.
LITTLE ROCK, Sept. 28.—Wretched fielding and stupid work on the bases by the Little Rock players gave the Fort Worth, Texas, League champions, the final game of the inter-league series 4 to 2 today. The victory gave the Texas Leaguers the series, four games to two, one game having been a tie.

Bill Whittaker, pitching star of the Panthers, was hit hard throughout but usually was effective in the pinches and was greatly aided by the stupid work of the Southern association players. Little Rock had 12 men left on the bases.

Manager Elberfeld, of Little Rock, used 14 players in a desperate effort to stave off defeat and he finally was banished from the field by Umpire Sentell for protesting a decision in the sixth inning. Robinson, pitching for Little Rock, was not as effective as usual, although greatly handicapped by the erratic playing behind him.

Three errors in rapid succession by shortstop McGinnis, of Little Rock, gave the Texas Leaguers two runs in the first inning. With one out Sears hit to McGinnis, who fumbled and then threw wild, allowing the runner to reach 2nd. Sears scored on Williams' two base drive down the left field foul line. Kraft fanned but Hoffman hit, slow roller to McGinnis, who threw late and wild to first and Williams scored.

The visitors clinched the victory with the two runs in the sixth. Williams walked to open it. Gleason knocked down Kraft's scoring drive over second but kicked the ball to centerfield while Williams took 3rd fanned and Robinson, purposely walked. Haley, O'Brien doubled down the first base line, scoring Williams and Kraft. Yellowhorse succeeded Robinson in the box and retired the next two batsmen on easy chances.

Little Rock scored in the first inning on singles by Gleason and W. Moore. Harper's sacrifice and Miller's infield out. Wano opened the sixth inning with a triple but immediately was picked off 3rd base by H. Moore. Hunter and McGinnis followed with singles.

Little Rock's last run was made in the eighth on Miller's single, a base on balls to Brotem and McGinnis' single.

Score:
Little Rock ...100 000 010—2 12 5
Ft. Worth ...200 002 000—4 7 1
Yellowhorse, Robinson, and Brotem; Whittaker and H. Moore. Jonnard.

WILL GO TO OKLAHOMA TO MAKE THEIR HOME

J. W. Haynes, who recently sold his farm on the river at Razor, will leave with his family tomorrow for Wynnewood, Ok., to make their home. He has lived in Lamar county all of his life, being a son of the late Capt. J. D. Haynes, and is one of several brothers who are among the best known citizens of that part of the county. They will be missed by their friends.

The ladies of Paris and vicinity are invited to visit our demonstration of the celebrated Cole's Ranges Thursday, Friday and Saturday of this week. A lady demonstrator from the factory will take pleasure in showing to all visitors the many advantages of the Cole Ranges.

PARIS FISHERMEN MEET INTERESTING OKLAHOMAN

O. L. Means and W. H. Caldwell returned Monday night from a week's fishing trip in Oklahoma. They camped at Kosoma and drank sulphur water from a spring and fished in the Kiamitia. They reported that they had all the

fish they cared to eat while in camp and had an enjoyable outing. They told an interesting story about a farmer named Slayton whom they met in camp.

The farmer has a little place on Buck creek which he cultivated with a diminutive mule. He told the fishermen that the mule's feed during the year cost him only \$14 and that he had made his crop with it.

He said he sold a good many water-melons and potatoes and other things and that he made a good crop of corn and would get between two and three bales from his cotton crop.

HOPE HAMPTON WINS PRAISE OF KOSLOFF

One of the many interesting episodes in "A Modern Salome," in which Hope Hampton makes her screen debut, and which is distributed through Metro, appearing at the Grand Theatre for Thursday represents the court of King Herod of ancient times. It is the incident where the notorious Salome does her famous Dance of Enchantment at the end which the monarch offers her what ever she desires as a gift—and she asks for the head of John the Baptist.

This story, narrated in the scriptures, inspired the dramatic poem of "Salome" by Oscar Wilde and the opera by Richard Strauss. Recollections of the way this famous dance has been performed by various artists is woven into the plot of the picture through a hallucination suffered by the heroine, in which she imagines herself to be the famous Salome of old. It is in this incident that she performs the Dance of Enchantment.

Theodore Kosloff, the famous Russian ballet-dancer whose work has been seen on the stage and on the screen, was in charge of the ballet which supported the star in this dance and in fact staged this entire episode. When rehearsing the ballet, Kosloff commenced to instruct Miss Hampton in the steps she should do for the number, but was so struck by her natural grace that he asked her to go through the dance as she conceived it without any suggestions from him.

Miss Hampton ran through a series of steps and movements, and Kosloff immediately decided that she needed no further instruction from him, but assembled his supporting ballet and told Director Leonce Perret to "shoot" the scene since the star was all ready for it.

Bearing in mind the fact that Hope Hampton has never had any theatrical training, and that she has never even seen anybody else perform this dance, the fact that the young star won such high praise from an artist like Kosloff is regarded as worthy of note.

Hope Hampton Productions, Inc., made "A Modern Salome," which is a lavish and spectacular drama. Wyndham and Percy Standing are prominent in the beautiful young star's support. Leonce Perret wrote the scenario, suggested by Wilde's poem, and directed the picture.

PARIS BOY PROMOTED TO AVIATION MACHINIST'S MATE

The local navy recruiting station has been notified that Howard W. Thompson, whose mother resides at 130 South 25th street, has graduated from the naval aviation mechanics school at the Great Lakes Station and has been promoted to aviation machinist's mate second class.

Earl Spencer Schillings of Deport enlisted in the navy Monday at the local recruiting office, and has been sent to the United States Submarine school at San Pedro, Cal.

The ladies of Paris and vicinity are invited to visit our demonstration of the celebrated Cole's Ranges Thursday, Friday and Saturday of this week. A lady demonstrator from the factory will take pleasure in showing to all visitors the many advantages of the Cole Ranges.

AMERICAN LEAGUE

Indians Defeat Browns.

By The Associated Press.
ST. LOUIS, Sept. 28.—Cleveland drew a step nearer the American League pennant this afternoon, defeating St. Louis 9 to 5 and increasing the lead over Chicago to a full game.

It was the third consecutive defeat administered to St. Louis by the contenders.

Evans, Speaker, Gardner and Bagby led the assault.

It was the thirtieth victory Bagby has turned in this year and although hit freely he managed to keep the blows scattered with the exception of two innings.

Local fans presented George Sisler with a silver service as a mark of appreciation for his work and the popular Brown responded in the sixth inning with a home run for his 249th hit of the campaign and establishing a new American League record to supplant that of Ty Cobb, who made 248 safeties in 1911. In the 8th inning Sisler made it 250 with a long triple.

CLEVELAND ...031 020 300- 9 12 1
ST. LOUIS ...111 001 010- 5 10 1
Bagby and O'Neill; Baine, Burwell and Severeid.

Red Sox Break Even.
BOSTON, Sept. 28.—Boston closed the American League season here today by breaking even in a double-header with Washington. The Red Sox finished in fifth place.

FIRST GAME:
WASHINGTON ...000 000 300- 3 8 2
BOSTON ...100 020 300- 5 12 0
Shaw and Gharitty; Penneck and Schang.

SECOND GAME:
WASHINGTON ...000 500 100 1-7 13 1
BOSTON ...002 000 004 0-6 14 1
Courtney, Acosta and Pielnich; Myers, Hoyt and Schang.

NATIONAL LEAGUE

Reds Win Double Bill.

CINCINNATI, Sept. 28.—The Reds won both games of a double-header from Pittsburgh today.

FIRST GAME:
PITTSBURGH ...000 000 000- 0 5 2
CINCINNATI ...000 200 000- 2 4 1
Cooper and Schmidt; Luque, Eller and Rariden.

SECOND GAME:
PITTSBURGH ...101 001 000- 3 10 2
CINCINNATI ...000 002 300- 5 7 1
Hamilton, Morrison and Schmidt; Eller, Brenton and Rariden, Allen.

Three New State Banks

By The Associated Press.
AUSTIN, Texas, Sept. 28.—Certificates of authority to do business in Texas were issued to three new state banks with combined capital stocks of \$85,000, at the last meeting of the State Banking Board. The new institutions are: The Citizens Bank of Tuskaw, capital \$15,000; Guaranty State Bank of Cooper, capital \$30,000, and the Security State Bank of Alford, capital \$40,000.

The ladies of Paris and vicinity are invited to visit our demonstration of the celebrated Cole's Ranges Thursday, Friday and Saturday of this week. A lady demonstrator from the factory will take pleasure in showing to all visitors the many advantages of the Cole Ranges.

- 2—What is the strongest dramatic situation in the plot of "A Modern Salome?"
- 3—How would you describe Hope Hampton's type of beauty?
- 4—What is your ideal of what a motion picture star should be?
- 5—What is the lesson taught by the story of "A Modern Salome?"

THE SECOND PRIZE OF \$500 IN CASH will be paid to the person sending in the essay judged to be the second best. In addition there will be—
FIVE PRIZES OF \$100 EACH TEN PRIZES OF \$50 EACH TWENTY PRIZES OF \$25 EACH

The Grand management will receive essays and forward them to Metro Picture Corporation.

CICOTTE SPILLS STORY OF HOW HE ACCEPTED BRIBE

(Continued from Page One.)

fled him to third and Gandil dropped a fly safely in center, scoring Jackson. The end of Cicotte's pitching and the runs that ultimately won the game were scored by Cincinnati in the fourth inning. All the damage was done with two out, with Kopf on first, Seale and Wingo singled and Reuther, the hard hitting pitcher, drove a three base hit to the center field bleachers.

Threw Fourth game
The fourth game played at Chicago was also deliberately thrown away, according to court officials who heard Cicotte's statement to the grand jury. The Reds won this game by a score of 2 to 0. Ring, pitching for Cincinnati, held the American League champions to three hits. Both Cincinnati runs were made in the fifth inning when two of Cincinnati's hits were bunched with a wild throw to first by Cicotte and a bad throw to the plate by Jackson, which the pitcher intercepted and muffed.

The rest of the game was played sharply and so far as the records show, cleanly. Cicotte pitched through the nine innings.

Kerr Not In Deal
CHICAGO, Sept. 28.—Cicotte's next appearance in the series was in the sixth game when Cincinnati had four victories against one defeat. Richard Kerr, the diminutive left-handed pitcher, shut out the national league champions in the third game. The veteran twirler, who today confessed the big gambling deal, went through nine innings and held his opponents to seven hits. Chicago won the game, 4 to 1, hitting Sallee hard in the first five innings. Jackson and Felsch each got two hits and between them drove in all of Chicago's runs.

Besides the two defeats registered against Cicotte in the series three others were chalked up against Charles Williams. The latter was wild in the second and fifth games which went to the Reds 4 to 2 and 5 to 0. In the eighth and last game of the series he was found for four solid hits in the first inning and that game and the title of world champions went to Cincinnati, ten to five. Williams' lack of control was generally said to be the cause of his defeats.

The fifth game of the series was a shut out triumph for "Red" Eiler, the big "Shine Ball" expert of the Cincinnati pitching staff.

Both Cicotte and Jackson were closeted with the grand jurors for a considerable time today and later court officials reported that they told their stories in substantial detail. As they left the room they were taken in custody by detectives of the state attorney's office and taken away. Their detention was not in the nature of an arrest, and it was announced they would be released later.

Cicotte Confesses.
Cicotte, who had vehemently denied any part in the alleged plot, as described by Maharg at Philadelphia, admitted on the stand, officials of the court said, that the Philadelphia's story was substantially correct.

The eight players named in the true bills had been with the White Sox for periods ranging from four to nine years.

The investigation by the grand jury will continue until all phases of baseball gambling have been bared, it was said, by officials.

Assistant State's Attorney Hartley Replogle, in charge of the case, said tonight that indictments to be drawn up tomorrow on today's true bills may contain several counts. The true bills themselves specified but one offense—"conspiracy to commit an illegal act." The penalty provided upon conviction on this count would be one to five years in the penitentiary and a fine of not more than \$10,000.

"This is just the beginning," Mr. Replogle said tonight.

"We will have more indictments within a few days and before we get through we will have purged organized baseball of everything that is crooked and dishonest."

Comiskey's Statement.
Mr. Comiskey tonight made the following statement:

Bell Tailoring Company

A Pair of Pants Free With Every Suit.
See the New Fall Woolens Now.

14 Clarksville St.

loving statement to the Associated Press:

"The consideration which the grand jury gave to this case should be greatly appreciated by the general public. The Hon. Charles A. McDonald, chief justice, and the foreman of the grand jury, Harry Brigham, and his associates who so diligently strived to save and make America's great game the clean sport which it is, are to be commended in no uncertain terms by all sport followers, in spite of what happened today. And thank God, it did happen. Forty-four years of baseball endeavor have convinced me more than ever that it is a wonderful game and a game worth keeping clean."

"I would rather close my ball park than send nine men on the field with one of them holding a dishonest thought toward clean baseball—the game which John McGraw and I went around the world with to show the people on the other side."

"We are far from through yet. We have nucleus of another championship team with the remainder of the old world's championship team."

He named the veterans, Eddie and John Collins, Ray Schalk, Urlan Faber, Dick Kerr, Eddie Murphy, Nemo Liebold, and Amos Strunk, and declared that with the addition of Hodge, Falk, Jourdan and McEllan "I guess we can go along and win the championship yet."

Buck Has Alibi.
"Buck" Weaver, after learning of his indictment and suspension, denied that he had agreed to help throw any world series game and that he had furnished any of the money.

"I batted .333 and made only four errors out of thirty chances in the world series," he said. "That should be a good enough alibi."

The White Sox players who were not implicated in the baseball scandal held a celebration at a dinner tonight. "We've known something was wrong for a long time, but we felt we had to keep silent because we were fighting for the pennant," said Eddie Collins. "Now it's all over and we're the happiest bunch in the world."

New York's Offer.
NEW YORK, Sept. 28.—A telegram offering to place the entire New York American baseball team at the disposal of Charles A. Comiskey, who today suspended seven of his players indicted in connection with alleged fixing of games, was sent tonight to the White Sox club owner by Jacob Ruppert and T. L. Huston, owners of the Yankee club.

Boston Would Help.
BOSTON, Sept. 28.—H. H. Frazee, president of the American League club, said tonight he believed it to be the duty of each club in the league to give one of its players to the Chicago club in order to assist in its rehabilitation in case the Chicago players indicted by the grand jury are found guilty. He announced that he would make such an offer on behalf of his own club immediately.

Gleason Holds On.
CHICAGO, Sept. 28.—"We are going to win the pennant and then the world's series in spite of this," Manager Wm. Gleason of the White Sox said tonight.

"The thing has come to a head and I'm glad of it," he said. "I have been working on the affair with Mr. Comiskey for a long time. The evidence we were able to give the jury today evidently was sufficient and I'm confident we will win."

mighty happy that it's all cleared up. "The men on my team now are real men and real ball players," Gleason said.

Cleveland Increases Lead.
NEW YORK, Sept. 28.—Cleveland virtually was assured of the American League pennant today by the suspension of the Chicago players in connection with the alleged fixing of the games in the world's series last year. The Indians increased their lead over the White Sox to a full game by defeating St. Louis and have one game to play with St. Louis and four with Detroit.

SUICIDE INDICATED BY POSITION OF MAN'S BODY

TULSA, Sept. 27.—Although officials here of the Uncle Sam Oil Company of Kansas City, declare they still believe that Fred G. Stier, vice-president and assistant general manager, did not commit suicide, police detectives tonight declared a careful investigation of the case revealed absolute proof that Stier ended his own life.

Stier's body was found Saturday in a room of the company's warehouse here. He had been shot through the heart and powder burns were on his shirt.

The body was in such a position against the door of the room—the only entrance—that, two policemen were needed to gain entrance. The police declare it would have been physically impossible for another person to have placed the body in such a position and then leave the room.

BUY TICKET ONLY TO STATE LINE AND SAVE

GALVESTON, Sept. 27.—Because intrastate passenger rates in Texas are lower than those charged for interstate transportation, hundreds of persons every day are repurchasing tickets at the state line in order to get the benefit of the lower rates. W. G. Crush, passenger traffic manager for the M. K. & T. Railway of Texas, testified here today before examiner M. A. Pattison, of the interstate commerce commission, Texarkana, Denison, Gainesville, Texline, Fairwell, Paris and El Paso, Mr. Crush said were cities in which the practice prevails.

DECLINE FOLLOWED BY VARIED PRICES

New Orleans Cotton Gains Strength As Result Of Uneasiness Over Gulf Storm.

New York Cotton.
NEW YORK, Sept. 28.—Yesterday's big decline was followed by extremely irregular and violent price movements in today's cotton market.

Prices were 1 to 30 points higher and while the south was a considerable seller, the market continued to improve until active positions showed net gains of 65 to 115 points. Some months made new low ground for the movement on a late forenoon break which carried December off from 22.55 to 21.55 and January from 21.75 to 20.65.

Later months also sold into new high ground for the day with December touching 22.55 and January 22.55. The close showed reaction of about 35 to 60 points from the best.

New Orleans Cotton.
NEW ORLEANS, Sept. 28.—Yesterday's weakness on the cotton exchange was replaced by pronounced strength as the result of growing uneasiness over the movement of the Gulf.

Around the opening enough selling came on the market to cut prices 5 to 30 points under the close of yesterday. Early declines were recovered and replaced by net advances and the buying.

December went to 163 points from the lowest to 21.12 and at this level the market stood 108 to 135 points over yesterday's final prices. The market closed at net advances on the day of 71 to 104 points.

Chicago Grain.
CHICAGO, Sept. 28.—Declines which took place in the wheat market today appeared to be due chiefly to the downward swing in commodity values and to financial difficulties at Boston. The close was unsettled quarter to 1c net lower with December 2.22 to 2.23 and March 2.17. Corn finished unchanged to 1c down, oats of 1/4 to 1/2 to 1 1/2 and provisions at a setback of 25c to \$1.12.

Fort Worth Livestock.
FORT WORTH, Sept. 28.—Cattle 5.50. Lower. Beeves 6.00 to 10.50; stockers 6.00 to 8.00; cows 3.00 to 7.50; heifers 4.00 to 8.50; bulls 4.00 to 6.00; calves 4.00 to 7.75.

New York Coffee.
NEW YORK, Sept. 28.—The market for coffee futures opened at a decline of 2 to 4 points. December closed at 7.69 bid with the general market showing a net advance of 7 to 10 points. Closing bids: Sept. and Oct. 7.19; Dec. 7.69; Jan. 7.82; March 8.18; May 8.39; July 8.54.

New York Sugar.
NEW YORK, Sept. 28.—Raw sugar was weak and about 1/2c lower for full duty sugars on sales of 7,000 bags in port at 8 1/2c. Futures were lower, closing at 29 to 31 points decline.

NEW YORK, Sept. 28.—Cotton yarns market was weak and declining today and cotton goods market unsettled. Silks continued quiet.

MEXICO'S OUTLOOK TODAY IS BRIGHTER THAN EVER

WASHINGTON, Sept. 27.—James Lord and Chester M. Wright, officers of the Pan-American Federation of Labor, in a joint statement tonight declared that their recent extended investigation of conditions in Mexico, convinced them that "the political outlook for Mexico is today brighter than it has been at any moment since the revolution began against Diaz."

"We found the country at peace," declared the statement. "We found travel as safe as in the United States, though not as comfortable. We found complete freedom of speech and freedom of the press, as well as freedom of assembly."

"The present government of Mexico is inclined to be friendly toward the aspirations of organized labor and gave assurance that no legislation restricting the right of the workers to organize or bargain collectively would be undertaken."

Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds," declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Thedford's BLACK-DRAUGHT

has been found a valuable liver medicine in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Thedford's.

central Gulf of Mexico has increased in intensity and apparently is moving slowly north-northwestward, according to reports received by the weather bureau. The steamship Yoro reported by wireless tonight from Lat. 27:22 and Long. 88:30, an east wind with a velocity of 56 miles and a barometer reading of 29.30 inches. Vessels in the Gulf have been advised to exercise caution.

MISSOURI PACIFIC HAS HEAD-ON COLLISION

LITTLE ROCK, Sept. 27.—Twenty-five persons were injured, several of them seriously, when Missouri Pacific passenger trains No. 233 and No. 36 collided head-on near Malvern, Arkansas, tonight.

The most seriously injured was Miss Mary White, of Prescott, Arkansas, whose back was severely wrenched and who probably suffered internal injuries. Mrs. O. N. Wallace, of Ely, Nevada, also was injured internally. Both locomotives and four express coaches were derailed. It was said that the wreck was due to a misunderstanding of orders. The injured are being brought to Little Rock.

BRIGGS DIRECTOR FOR RED CROSS

Will Handle The Fourth Roll Call
For The State Of
Texas.

Announcement has just been made by Southwestern Division Headquarters of the American Red Cross of the appointment of Mr. George Waverly Briggs as Director for the Red Cross Fourth Roll Call for the State of Texas. This means that Mr. Briggs will have jurisdiction over the 23 Chapters in all matters appertaining to the Roll Call.

Mr. Briggs brings to this work a large knowledge of Red Cross matters, having served during the war as Chairman of the Galveston Chapter, and later as Assistant Manager of the Southwestern Division, which comprises the States of Missouri, Arkansas, Kansas, Oklahoma and Texas.

Since leaving Red Cross service Mr. Briggs has held the position of State Commissioner of Insurance and Banking for Texas, and is now Vice President of the City National Bank of Dallas.

Mr. Briggs will be present at the Texas State Conference which will be held at Waco on October 4th and 5th to meet and confer with the Red Cross Chapter officials in Texas, and to formulate plans for the coming Roll Call.

been completed and they will be forwarded to the comptroller's office as soon as they are approved by the commissioners' Court, which has been called to meet in special session today for that purpose.

The News is indebted to C. H. Wynne, deputy assessor, for the following figures in regard to the assessments:

The rolls show that the total assessable values of the county are \$33,831,646, which is an increase of \$1,532,234, or 4 7-10 per cent, over last year.

The total number of polls assessed is 9,152.

The assessed value of real property, including banks, telegraph, telephones, pipe lines, railroads, street car lines, etc., is \$23,833,095.

The total assessed value of personal property amounts to \$9,968,551.

The total amount of assessments for maintaining the district schools is \$35,524.66.

Although there is an increase of a million and a half in the taxable values the total amount of taxes to be collected is less than last year, by about \$31,300, on account of the rate being 18 cents lower than it was last year.

The total rate last year was \$1.62 state and county taxes, against \$1.44 for 1920.

What Internal Bathing Has Done For E. H. Wischen of New Orleans

E. H. Wischen of 230 N. Gayosso St., New Orleans, La., writes Tyrrell's Hygienic Institute of New York, as follows:

"As to what the Cascade has done for me, I can say that I suffered with my stomach a long time. After running from one doctor to another and after consulting at least twenty doctors and some of the leading doctors of the city, all with the exception of one of them wanted to operate on me. I was so sick that I even went to Hot Springs, Ark., but got no relief so at last I made up my mind to use the Cascade as you instructed and I went along using it for at least one year, since then I have had no use for drugs at all. It is about three years ago that I started, since then I have not spent a cent for drugs and I feel a little out of the way or have a cold or headache, I just fall back on it and it never goes back on me. I would not part with it for any amount of money."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment. R. J. Murphy South Side Plaza, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Bathing for 25 years in that city. Clip this out as a reminder to ask for the booklet at your first opportunity.

WOMAN SURPRISES HER FRIENDS

"After a spell of Typhoid Fever 7 years ago I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised me to try Mayr's Wonderful Remedy which I did with astonishment. I have no more bloating and can eat anything I wish. It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded at Palace Drug Store and druggists everywhere."

SONS OF VETERANS ORGANIZED CAMP

Traditions Of The South Will Be
Kept Alive Through The
New Organization.

Albert Sidney Johnston Camp, Sons of Veterans, was organized last night at a meeting held in the court house which was very well attended. A charter has been applied for and when it arrives the Camp will set dates for regular meetings.

In the meantime a campaign for membership is on and it is hoped to make this Camp a worthy child of the South.

Officers elected at the meeting were:

R. F. Scott, Jr., commander.
J. M. Barr, first lieutenant.
R. L. Johnson, second lieutenant.
C. T. Wynne, adjutant.
Dr. E. C. Porter, surgeon.
N. O. Enloe, quartermaster.
T. F. Justiss, chaplain.
W. T. Ridley, treasurer.
J. B. McDonald, color sergeant.
Dr. B. E. Wallace, historian.

Pending arrival of the charter, members of the Camp and prospective members are expecting to attend the Houston encampment and Adjutant Wynne asks that all who expect to attend will notify him once, at the tax assessor's office, so that he may make necessary reservation.

SMITH BILL PROPOSES PAROLE SYSTEM CHANGE

AUSTIN, Texas, Sept. 28.—Proposed revision of the Texas convict parole system and the creation of a parole officer at a salary of \$3,500 a year, is contained in a bill prepared by Fritz H. Smith, chairman of the Board of Parole Advisers for submission during the fourth called session of the legislature which is now in session. The bill proposes that convicts who merit parole by faithful observance of prison rules, after serving specified portions of their sentences, be turned over to the parole officer. The parole officer then will be obligated to find employment for such convicts, apart from the regular penitentiary work and obtain for them the best possible salaries without divulging to any person except the employer, that the paroled man is a convict. All of the wages for the paroled man's work except a portion sufficient to support him, would be deposited in a bank to be selected by the governor, and when the convict whose time would continue while on parole, had served his term, the accumulated fund and accrued interest would be turned over to him. Under the provisions of the proposed law, all convicts not previously convicted of a felony in any state, would be required to serve slightly more than half of two years sentence before being eligible to parole, a fraction more than two and a half years of a three to five year sentence, three and a half years of a ten-year sentence, five years of a twelve to fifteen year sentence and seven years of a twenty-five year sentence. Convicts sentenced to more than twenty-five years could be paroled after serving ten years, on recommendation of the parole officer.

GOVERNMENT SHOULD BE FRIEND OF BUSINESS

MARION, Sept. 28.—An administrative policy to stabilize financial conditions and make the American government the friend and partner of American business was proclaimed by Senator Harding today in a front

Bread the Builder—PLENTY of bread means a good foundation! Bread is the right of every kiddie because it's—always nutritious—always delicious—your full money's worth. Charging that the present administration had invited industrial chaos by meddling and experimentation, the republican nominee declared he wanted "it explicitly understood that election to the executive offices means a complete change from the one-man policy which has characterized our national government during the past seven years."

OBREGON IN MEXICO IS CALLED MAN OF HOUR

By The Associated Press. EL PASO, Sept. 28.—Obregon is "the man of the hour" in Mexico, according to Ramon F. Lujan, a member of one of the richest families in the state of Chihuahua, and perhaps the largest cattle raiser and cotton planter in the southern republic, who passed through El Paso on his way to Albany, N. Y., to visit his daughter who is attending a convent there. The president-elect, Senor Lujan declared, will bring peace and prosperity to the war stricken people of Mexico. Already, he added, peace predominates in Mexico, and thousands of thousands of male citizens who but recently fought with one faction or another in Mexico, have abandoned their weapons for the plow. In his endeavors in behalf of peace, Senor Lujan said, General Obregon will be accorded the undivided backing of the better class of Mexico's citizenry, all of whom are anxiously awaiting a return to pre-revolutionary conditions and the re-establishment of authoritative law and order throughout the republic. This condition, Senor Lujan asserted, can be expedited by the co-operation of the American people and the furthering of a better understanding of social, political and financial conditions under which the Mexican people are living. Senor Lujan, who has been educated in several languages and has traveled extensively through Europe, is credited with being as well able to speak authoritatively upon conditions in Mexico as any man in the country. In his own right he owns more than 2,000,000 acres of cattle range and cotton fields in Chihuahua, and employs thousands of laborers. He uses more than 50,000 mules and thousands of dollars worth of American-made farm machinery in operating his vast agricultural interests.

90TH HONORED

Colonel 'Patsy' O'Neill Elected Honorary President Of Division By Veterans.

By The Associated Press. OKLAHOMA CITY, Sept. 25.—Colonel Patrick O'Neill commander of the 179th Infantry Brigade of the 90th division—Oklahoma and Texas National Army—in the world war, known to the men who served under him and to his fellow officers as "Patsy," this afternoon was elected honorary president of the nineteenth division veterans who are holding a three day reunion here. Ike Ashburn, of College Station, Texas, was re-elected secretary treasurer. Floyd C. Burnett was elected division chaplain.

The ladies of Paris and vicinity are invited to visit our demonstration of the celebrated Cole's Ranges Thursday, Friday and Saturday of this week. A lady demonstrator from the factory will take pleasure in showing to all visitors the many advantages of the Cole Ranges. MARCHBANKS & DOHONEY CO.

FARMERS ALONG COAST ARE BUYING NEW LAND

By The Associated Press. CORPUS CHRISTI, Texas, Sept. 28.—Thousands of acres of new land in the district surrounding Corpus Christi, in Nueces, San Patricio, Jim Wells and Kleberg counties are being broken as a preliminary to cultivation, as one of the results of the bumper cotton crop in this section this season. Many farmers who have made big money in cotton and other crops, are spending the greater part of their surplus for timbered or other uncultivated land. The new Mexican Labor Bureau is expected to be of value in obtaining labor for clearing and cultivating this new land.

TEXAS AGRICULTURE DEPT. ASKS FOR 48 CENT COTTON

By The Associated Press. AUSTIN, Texas, Sept. 28.—Commissioners of Agriculture of practically all cotton growing states have been asked by the Texas Department of Agriculture to co-operate in securing

AMERICAN NATIONAL BANK

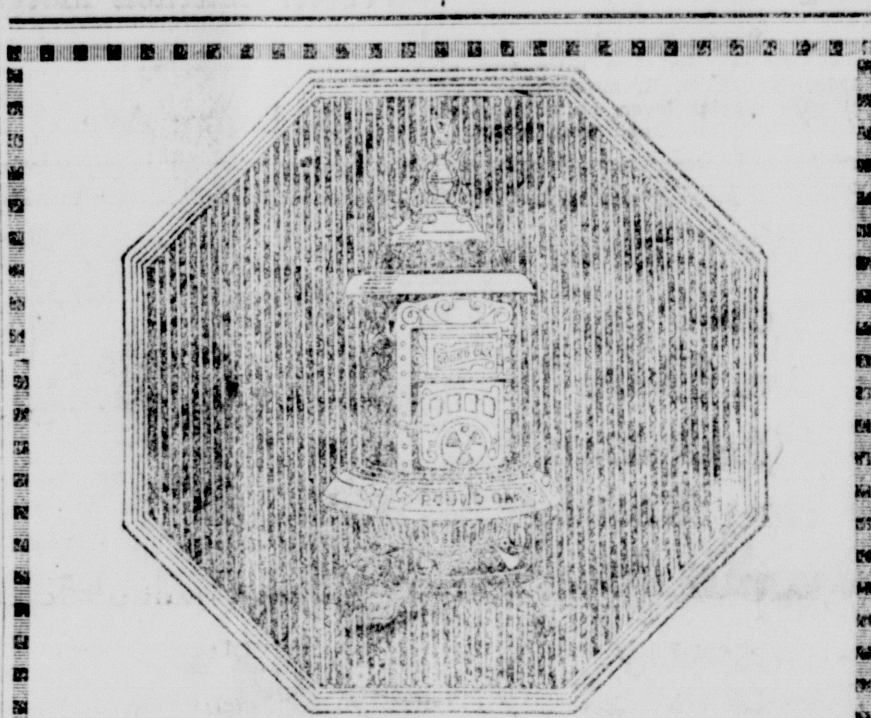

price of 48 cents a pound for average cotton and 9 cents or more for the better grade. These prices were decided upon at the recent meeting of the State Farmer's Institute in Austin, at which the Price Recommending Committee stated that its research had shown that it cost 46 cents a pound to produce cotton in Texas this year. In asking the co-operation of agricultural departments in other states, the Texas department sent to these states the figures compiled by the state on the cost of production of the various crops. In compiling its figures the committee struck an average to obtain the amount announced as the cost of production a pound of cotton.

The committee's figures place the average value of an acre of land in Texas and the improvements on it, at \$77.44, the value of work stock per acre at \$9.91 and the value of implements at \$9.08 an acre, making the total investment per acre \$96.43. The first item given in the cost of cultivation was 8 per cent of the total investment, or \$7.71 cents an acre. Next in order, all reduced to an acre basis, were included the value of feed for work stock, \$7.49; costs of repairs and blacksmithing, \$1.81; depreciation of implements, \$1.81; taxes and insurance, \$1. and permanent farm labor \$28.76. These figures would make the average cost of cultivation of all crops in the state, \$50.78 an acre.

Reports from farmers of the state revealed, according to the committee, that 57 per cent of the cultivated land in the state was in cotton, and that 70 per cent of the time of cultivation was devoted to cotton. On this basis, it was stated, the cost of producing cotton would be \$62.36, without taking into consideration extra items of expense necessary to the raising of this product. These costs, the committee showed, include extra help, seed for planting, plowing and wrapping, storage, insurance and interest on cotton after it is gathered, and fertilizer, which, added to the

Most Famous Stove in the World

Forty-nine years ago the first "Oak" stove ever built came from the shops of the Round Oak Stoves. It was an immediate success. Hordes of imitations followed but none has equalled the genuine which has been steadily refined through the succeeding generations. This genuine Round Oak Heater that we offer is the most famous stove in the world—and satisfied users have given it its fame. We know it today, as we did in 1871, this stove represents the best value on the market. Come and see it.

The Obligation One Owes To Those Who Grant Him Credit.

It is a definite and specific obligation one owes to the firm or person granting him credit accommodations. Every Bank extends you credit but every Bank also demands in exchange a security frequently several times the amount received by the borrower, and still the customer regards this as an accommodation, and it usually is an accommodation to the borrower. Your merchant is far more lenient. He will lend you his goods on your mere promise to pay. He is glad to extend you this accommodation, and it usually is an accommodation to the customer. The moment you carry these goods home you have assumed a definite obligation. Morally it is as binding as if you had signed a note. That obligation is to pay for the goods when the bill falls due. The prompt payment of this obligation not only protects your security, which is the confidence the merchant has placed in your honor and integrity, but builds for you an excellent credit rating which will serve you when all else fails.

PROMPT PAYMENT OF YOUR ACCOUNTS IS THE METHOD OF CULTIVATION FOR A CREDIT THAT WILL SERVE YOU IN TIME OF NEED.

THE WOMEN VOTERS ARE GREAT FORCE

Census Bureau Estimates Their Number At Twenty-Six And Half Million.

By The Associated Press.
WASHINGTON, Sept. 28.—Figures compiled by the census bureau and other government departments indicate that the number of women in the United States over 21 years of age is 26,500,000 of whom approximately 26,500,000 are eligible to vote in the November election. This estimate makes a liberal allowance for alien women, American women married to aliens and others ineligible.

Exact figures are not available on the number of women over 21 but barred from voting through various reasons. Census Bureau officials believe, however, that this year at least 1,000,000 of the 5,250,000 foreign-born women in the United States will not yet have become naturalized. In addition there were in 1910, according to the census about 60,000 Indian women most of whom were living on reservations, 8,607 Chinese and Japanese women ineligible to vote, a comparatively small number of American women married to aliens and barred from voting for that reason and a larger number deprived of the ballot under state statutes in harmony with constitutional provisions. The total of these ineligible was estimated at about 1,500,000.

American women married to aliens are not eligible to vote. The Department of Justice has held, but foreign-born women married to American citizens or whose fathers have become American citizens are entitled to the ballot without naturalization proceedings.

The number of eligible male voters in the United States this year has not been determined. Based on an estimated population of 105,000,000, however, the census bureau figured that there are now 34,807,000 men in the United States over 21 years of age, of whom probably 31,500,000 would be entitled to vote in November.

SERBIANS WERE CRUEL TO MONTENEGRIN PEOPLE

WASHINGTON, Sept. 27.—Terrible tortures and hardships were inflicted upon the Montenegrins by the Serbian army of occupation, according to an official report of a commission of investigation, appointed by the Montenegrin foreign office, after the withdrawal of Serbian troops. Copies of the report have been transmitted to European governments and one is also understood to have been submitted to the state department.

The commission charges that "crimes committed in Montenegro were ordered by the Serbian authorities and precisely by high officers, such as General Milosh Mislovitch, chief commander of the troops of occupation."

MANAGERS ARE TO HOLD CONFERENCE IN PARIS

A meeting of the district managers of the Texas Power & Light Company will be held in Paris Friday for the purpose of discussing conditions and to look after the betterment of the service in North Texas. J. W. Carpenter, the general manager with headquarters at Dallas, will be present, and the managers of the district from Bonham, Commerce, Sherman, Denison, Gainesville, and possibly Wichita Falls are expected to attend. The conference will last one day.

RAIN STOPS PICKING IN SOME LOCALITIES

For several days the farmers have been making pretty good progress picking cotton, but the rain yesterday put a temporary stop to picking. In some localities there was a heavy downpour, while in others the rain was so light that it was thought picking could be resumed today if it didn't rain any more.

J. I. Logan, who was at Annona yesterday, said that it poured an hour and a half in that place during the middle of the day. There was also a heavy rain at Bogota.

NEW HURRICANE FORMS HEADED FOR FLORIDA

By The Associated Press.
WASHINGTON, Sept. 28.—Hurricane warnings were ordered displayed tonight at 6 o'clock on the Gulf coast from Burwood, La., at the mouth of Mississippi River, to Cedar Keys, Fla.

The weather bureau announced

that the Gulf disturbances were central tonight near Lat. 26:00, Long. 89:00, and would move north-east, attended by increasing winds, reaching gale force and probably higher late tonight or Wednesday.

At the same hour southeast storm warnings were displayed on the southwest Florida coast.

The steamer Peekskill, reported by wireless at noon today from latitude 26:32 and longitude 87:31, a barometer of 26.62 inches and an east wind of 48 miles an hour, with heavy rain squalls and heavy seas.

JONES AND SMITH GET QUICK START TO THE PEN

By The Associated Press.
EMPORIA, Kansas, Sept. 28.—Five hours after they had attempted to hold up Thomas Kelley, cashier of the Neosho Rapids, Kansas, State Bank today, two men who gave their names as "Jones" and "Smith" were on the way to the state penitentiary to serve indeterminate sentences of 10 to 20 years each.

The attempted robbery took place at 7 a. m. when Cashier Kelley arrived at the bank. The robbers, unable to open the vault, picked up \$25 in pennies, locked Kelley in the building and fled. They were arrested at 9 o'clock, taken into court and sentenced at 11, and at noon started for the penitentiary.

JACKSON BROKE UP WITH OF FOY ADMIRERS

By The Associated Press.
CHICAGO, Sept. 28.—When Joe Jackson left the criminal courts building in custody of a sheriff after telling his story to the grand jury he found several hundred youngsters, ranging in age from six to 16, waiting for their former idol. One urchin stepped up to the outfielder and grabbing his coat sleeve, said:

"It ain't true is it Joe?"

"Yes, kid, I'm afraid it is," Jackson replied.

The boys opened a path for the ballplayer and stood in silence until he passed out of sight.

"Well, I'd never have thought it," sighed the lad who had stopped Jackson.

Marshall Defends League

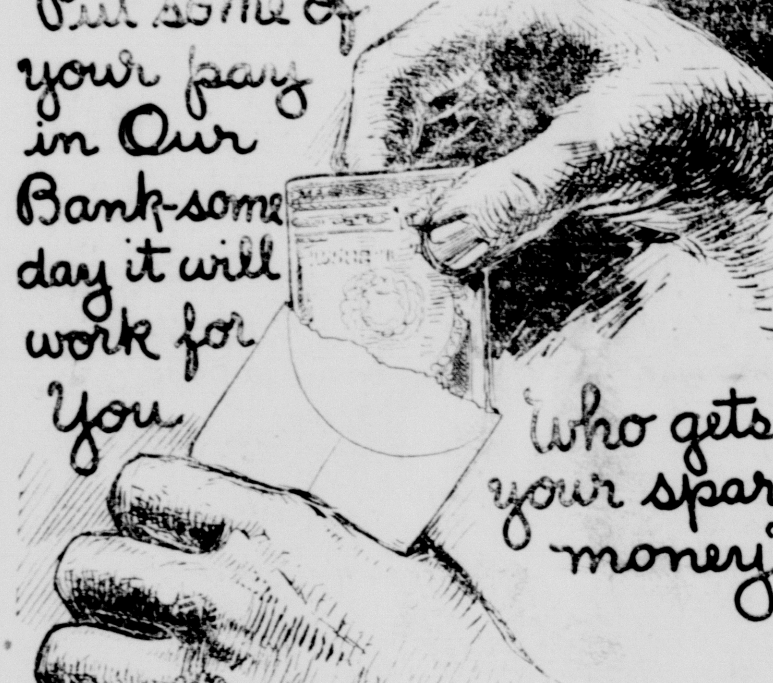

By The Associated Press.
PAYETTE, Mo., Sept. 28.—President Wilson's administration and the league of nations were championed by Vice President Marshall in an address at a mass meeting this afternoon. The vice president spoke also in favor of free trade, as against high tariffs, and declared that the federal reserve system is a certain safeguard against panic. Vice-President Marshall urged the American people to "quit rocking the boat."

FORDSON Farm Tractor

The Fordson cuts the cost of preparing land almost to half of what it cost with horses. But even more important is the fact that the Fordson saves from thirty to fifty per cent of the farmer's time. And time saved—getting fields in shape to plant in the proper season; getting things done when they should be done—means money to the farmer. Besides it helps greatly in solving the labor problem.

As ever, the machine way is proving more efficient, faster, easier than the old hand way. In the factory, the machine increases production, saves labor—produces more at less cost. And that is what the Fordson does on the farm. The Fordson way is the machine way of farming. Besides it helps the labor problem.

The Fordson's first cost is low; and the after or operating cost is low. It is a compact, easily handled tractor, backed by the greatest tractor service organization in the world.

We are Fordson dealers. Not only do we sell Fordson tractors, but we carry a stock of Fordson parts and employ Fordson mechanics to help the farmers get the best results from the Fordson. Let us demonstrate the Fordson on your own farm.
